

# Signature Programs

A Signature Program is a unique opportunity in which a motivated student may explore a particular area of interest for college and career pathways. These programs are for students who, as early as high school, have a sense of what they want to study in college or what career they wish to pursue.

Signature Programs will provide students with a competitive advantage when applying to college. The programs will enable students to gain knowledge and skills that will become the foundation for future studies and career decisions.

Students will have the opportunity to earn college credits for some courses in their program of choice. Additionally, through our industry partnerships, students will begin to form a network of connections in their procession of interest while gaining direct "field" experiences as they explore the everyday life of different areas of a particular industry.

# Signature Programs

**We are proud to offer these 7 Signature Programs:**

1. Catholic Classical Studies
2. Health Science
3. Instrumental Music
4. Vocal Music
5. Fine Arts
6. Digital Arts
7. Multimedia Communications

These programs are open to students of all academic abilities. Guidance will be provided along the way from the student's school counselor, a Signature Program advisor, and the Academic Office. At graduation, after the successful completion of the program requirements, students will earn a Certificate of Distinction. Through the application process, students and school counselors will inform colleges and universities that a student is participating in a Signature Program.
